Tumble Dryers

VENDED 50- AND 75-LB TUMBLE DRYERS

At Huebsch, our priority is making commercial laundry equipment that's perfectly aligned with your business philosophy. In other words, because you believe that profit is the inevitable result of superior efficiency, durability, simplicity and service, that's exactly what we deliver...

EXTRA CAPACITY AND HIGH EFFICIENCY

To keep up with the incredible popularity of large-capacity washer-extractors, owners must have dryers that can handle the workload—and Huebsch 50- and 75-lb tumble dryers are more than up to the task. But they're not just big; they're efficient, thanks to a high-performance heater box which creates a concentrated airflow pattern that keeps utility costs down and speeds customers through their drying cycle.

EASY TO USE, EASY TO CLEAN - AND EASY ON THE EYES

Extra-large 26.89" door openings allow quick loading and unloading, which means your laundry can serve more customers. A self-cleaning lint screen saves your time. And, last but not least, optional stainless steel fronts and cylinders give your laundry a polished look that sets it apart from the competition.

UNMATCHED DURABILITY

Built with premium materials and tested to meet the demands of the harshest environments, these commercial-grade machines deliver reliable, efficient operation load after load—and they're backed by Huebsch's standard three-year warranty.*

*Parts only, labor not included. See Huebsch Warranty Bond for specifics.

GALAXY™ 600 CONTROLS

Integrating Galaxy 600 controls allows for intuitive operation and simple programming throughout your store with revenue-boosting options. Better yet, it means your vended 50-lb and 75-lb tumble dryers are Huebsch Command™-compatible!

Cityscape Machine Interface

Slate Machine Interface

Citron Machine Interface

HUEBSCH COMMAND™

Laundromat data and analytics that are custom-made for the way you operate

Huebsch Command (only available with Galaxy™ 600 controls) lets you use all features of Galaxy controls—and now you can access them remotely, from anywhere in the world with an internet connection!
