

SPEED QUEEN ON-PREMISES LAUNDRY

45 LB CAPACITY STT45

STACK TUMBLE DRYER

Stack Tumble Dryers

Our line of stack tumble dryers provides double the capacity of Speed Queen® single pocket tumble dryers while using only half the floor space. Plus, our patented oval cylinder perforations solve a common, highly damaging problem, by allowing stray screws to pass through without doing large amounts of damage to the dryer's sweep sheets.

- Large easy-to-clean lint compartment.
- Fewer moving parts mean fewer maintenance problems and less wear.
- Reversing option available.
- High-performance heater box increases energy efficiency, reduces drying times and provides a more comfortable operating environment.
- Axial airflow pattern with sealed cylinder rims delivers the fastest and most efficient drying results.
- Two drying pockets in the space of one unit helps increase drying capacity.
- Single gas, electric and exhaust hookups simplify installation and are less expensive than installing twice the number of single units.

Quantum® Gold

Revolutionary Quantum® Gold technology combines equipment controls, programming and wireless networking into one complete OPL management system, giving you total control over your laundry room from any computer, anywhere in the world. Advanced diagnostics and audit data reports help you catch errors before they become bigger issues. Quantum Gold is designed to help you reduce costs, decrease your downtime and increase your throughput.

Dual Digital

With features that include one touch cycle repeat, automatic extended tumble and a large digital countdown display, it's simple to set your drying time, temperature and cool down on the fly.
