

Huebsch is the answer.

Commercial Homestyle  
Front Load Washer, Dryer  
and Stack Washer/Dryer

# Commercial Homestyle Front Load Washer, Dryer and Stack Washer/Dryer Specifications

## Keeping It Green

What makes these Huebsch machines green to save my operation some green?

### Low water use.

Huebsch front load washers offer owners a Water Saver Cycle that averages just 18.9 gallons of water per cycle — so efficient it's earned an ENERGY STAR® rating.

### High spin speed.

With a final spin of 1,000 RPM, Huebsch front load washers exert 300 G-Force on loads to remove more water. The end results are greatly reduced drying times and lower utility consumption.

### Fast drying times.

Huebsch's matching dryer delivers fast drying results that complement the front load washer's performance. A 7.0 cu. ft. cylinder with an 18 lb capacity offers ample space for large loads to tumble and produce fast drying times.

## Space Savings

My laundry is short on space, how can I add washing and drying capacity?

### Huebsch space savers.

A stack washer/dryer gives your laundry all the benefits of a stand-alone washer and dryer pair in the space of one machine. The stack utilizes all the same connections as a standard washer and dryer, so there are no special hookups required.

## Unmatched Durability

What sets Huebsch apart from other brands in terms of reliability?

### Not just standing behind our equipment, but standing beside you and your business.

Our made-in-America product comes with an industry-leading bond. The entire machine receives Huebsch's standard three-year warranty.

\*Parts only, labor not included. See Huebsch Warranty Bond for specifics.

Washer	FTZA1
Speeds	6
Cycles	5 Regular Perm Press Delicate Rinse and Spin Spin Only
Water Temperatures	4 Hot/Cold Warm/Warm Warm/Cold Cold/Cold
Stainless Steel Washtub	2.84 cu. ft.
Water Pressure - psi (bar)	Fill 20-120 (1.4/8.3)
Wash/Tumble - RPM	41, 50
Distribution/Pump - RPM	90
Spin Speeds - RPM	500, 650, 1000
Activation	Push-to-Start
Dispenser	Detergent, Liquid Bleach, Liquid Softener
Motor* - HP	Variable Speed Induction, 1
Color	White
Electrical Specs.†	120/60/1 • 15 amp
Width - in (mm)	26 7/8" (683)
Depth - in (mm)	28" (711)
Height** - in (mm)	41 3/8" (1054)
Net Weight - lb (kg)	240 (109)
Shipping Weight - lb (kg)	260 (118)
Agency Approvals	cJULis

\* Motor: 1 HP reversing, permanently lubricated with a built-in electronic protector.

\*\* Heights may vary slightly depending on leveling adjustments.

† Electrical requirements: Grounded 3-wire, 120V, 60 Hz AC, 15 amp circuit separately fused.

For the most accurate information, the installation guide should be used for all design and construction purposes. Due to continuous product improvements, design and specifications subject to change without notice. The quality management system of Alliance Laundry Systems' Ripon facility has been registered to ISO 9001:2000.
