Agency Approvals	cULus

FEATURES & BENEFITS

- Designed for durability and ease of use with push to start switch and reinforced control knobs.
- Extra large capacity stainless steel tubs keep clothes looking their best.
- Advanced suspension system eliminates the possibility of an unbalanced load.
- Commercial quality transmission offers highest quality and durability
- Water level selector gives managers the flexibility to choose wash and rinse levels.
- Multi-cycle controls and high spin speeds provide washing options to fit your laundry needs.
- 3 year warranty on any part on the entire machine.

AVAILABLE CONTROLS

Control	Description
E Mech	The E Mech control's straight-forward design offers customers simple water temperature and fabric selections. Cue lights keep them aware of what wash cycle the washer is in or if the dryer is in-use.

For the most accurate information, the installation guide should be used for all design and construction purposes. Due to continuous product improvements, design and specifications subject to change without notice. The quality management system of Alliance Laundry Systems' Ripon facility has been registered to ISO#9001:2000.
