

Speed Queen®

Commercial Quality for Your Home

Laundry — it's all we do.

For more than 90 years, Speed Queen has been a leading name in laundry equipment.

With a heritage dating back to 1908 as one of the first manufacturers of home laundry equipment, to the present as the leading manufacturer of commercial washers and dryers, Speed Queen has built a reputation for manufacturing durable, long-lasting quality laundry equipment.

Now, Speed Queen washers and dryers for the home boast the same design and long-lasting components used to withstand the demanding requirements of coin and apartment laundries around the world.

When you're looking for reliable laundry equipment built with American pride since 1908, look to the experts at Speed Queen.

Laundry — it's all we do.

Topload Washers

Standard features available on all Speed Queen topload washers.

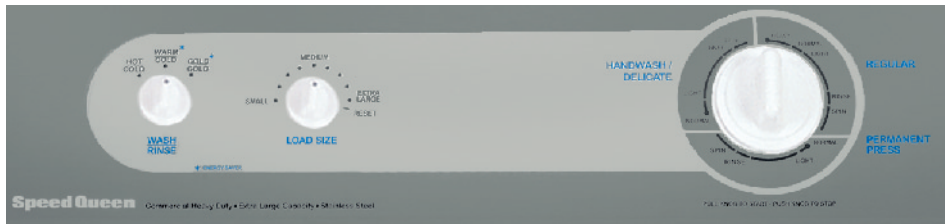

Commercial Quality and Durability

All Speed Queen topload washers boast the same commercial design and quality components including:

- Commercial transmission with only six moving parts and all metal gears
- Automatic balance system that ensures your washer will operate on any floor
- Extra large 3.3 cu. ft. capacity stainless steel wash tub
- Porcelain enamel outer drain tub over commercial quality steel
- 3-coat commercial grade cabinet finish

Performance and Efficiency

- Variable water selector
- Flex vane agitator with 210° agitation and 68 times per minute for excellent cleaning while gentle on clothes
- Fabric softener dispenser
- Bleach dispenser
- 100% up front service from installed position

Dryer Inner Strength

Galvanized Steel Cylinder

with a commercial galvanized steel interior that won't corrode, chip or crack, and has a limited lifetime warranty.

Largest Door Opening in the Industry

measures 2.06 sq.ft., making loading and unloading easier.

Extra Large Capacity

large loads aren't a problem with a 7.0 cu.ft. cylinder. The increased size means superior tumble action and more efficient drying.

Reversible Door

can open to the right or left so you can customize your laundry.

Convenient, Up-Front

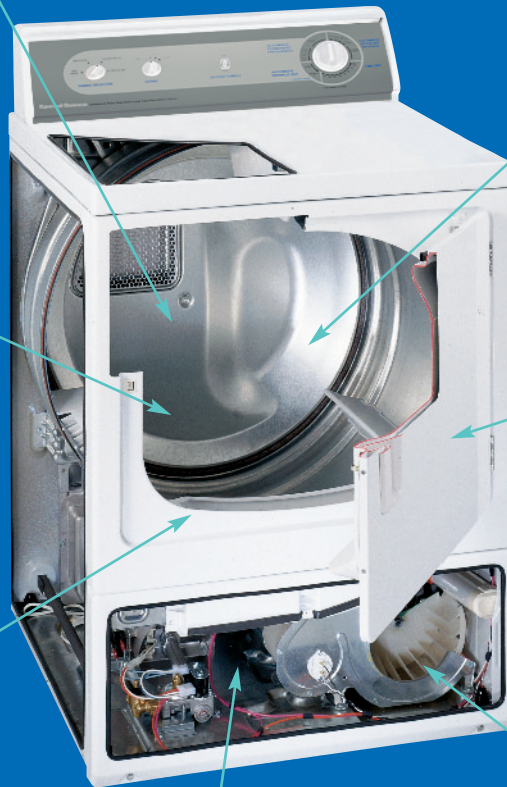

that is easy to reach and clean.

Whisper Quiet™ Blower

for a superior airflow of 220 cfm per minute for faster drying and better air handling on longer vents.

Up-Front Servicability

for easy maintenance from the installed position.

Stack Dryer/Dryer

Speed Queen offers solutions to your laundry needs with the only stacked dryer for the home.

No More Waiting for Your Dryer to Finish

- Convenience
 - Reduce dryer bottleneck, no more waiting for your dryer to finish
 - 2 easy view windows, view when load is finished
- Flexibility
 - Dry variety of clothing types at the same time
- Productivity
 - Double your drying capacity

\$

KES18/KGS18 — Additional features:

- 3 cycles • 3 temperature settings • Front controls • Door windows
- Double capacity • Bottom dryer ADA compliant

*See dryer page for standard dryer features.

Note: Stack dryer/dryer installation requires 2 - 30 amp 240 volt outlets for electric models, 2 - standard 15 amp outlets plus gas connection for gas models, and 2 - 4 inch vents for all models.

Stack Washer/Dryer

Speed Queen offers solutions to your laundry needs saving you space and time with an ENERGY STAR® Qualified stack washer/dryer.

Discover Space for Laundry

- Convenience
 - Space savings, the stack unit fits into the floor space of a single washer
 - Same extra large capacity as frontload washer and dryer
 - One piece heavy-duty stack design, no special installation required
- Includes all the same commercial quality, durability and performance features as other Speed Queen frontload washers and dryers.
