

Speed Queen®

Commercial Quality for Your Home

Laundry — it's all we do.

For more than 90 years, Speed Queen has been a leading name in laundry equipment.

Speed Queen's heritage dates back to 1908 as one of the first manufacturers of home laundry equipment. Today, we're a world leading manufacturer of commercial washers and dryers. We have built a reputation for manufacturing durable, long-lasting, quality laundry equipment.

Speed Queen washers and dryers for the home boast the same design and hardened components used to withstand the demanding requirements of coin and apartment laundries around the world.

When you're looking for reliable laundry equipment built with American pride since 1908, look to the experts at Speed Queen.
Laundry — it's all we do.

Topload Washers

Standard features available on all Speed Queen topload washers.

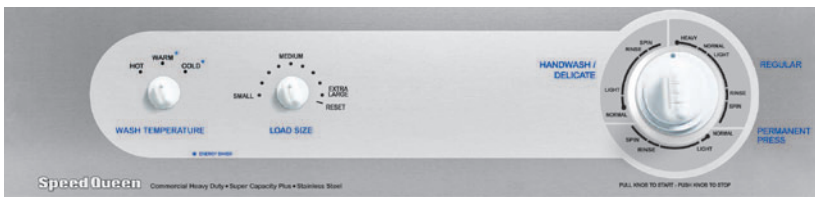

Commercial Quality and Durability

All Speed Queen topload washers boast the same commercial design and quality components including:

- Commercial transmission with only six moving parts and all-metal gears
- Automatic balance system that ensures your washer will operate on almost any floor
- Extra-large 3.3 cu. ft. capacity stainless steel washtub
- Porcelain enamel over commercial quality steel outer draitub
- Three-coat commercial grade cabinet finish

Performance and Efficiency

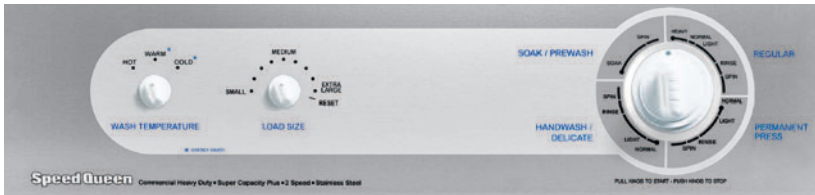

- Variable water selector
- Flex vane agitator with 210° agitation stroke and 68 strokes per minute for excellent cleaning, while gentle on clothes
- Fabric softener dispenser
- Bleach dispenser
- 100% upfront service from installed position
- Three water temperatures
