Speed Queen washers and dryers have long been the favorite of commercial laundries. Speed Queen washers and dryers are built for top performance in the commercial industry, but now they are available for your home. Speed Queen offers a variety of washers and dryers to fit the needs of any household. Our home laundry products deliver utility-saving features and user-friendly controls along with Speed Queen's famous durability.

With over 100 years of commercial quality laundry equipment experience, our expertise in no-nonsense design and performance-based construction assures our customers that their purchase will include the performance features they want and the durability that make Speed Queen stand above the competition

For the most accurate information, the installation guide should be used for all design and construction purposes. Due to continuous product improvements, design and specifications are subject to change without notice. The quality management system of Alliance Laundry Systems' Ripon facility has been registered to ISO 9001:2000. Printed in the USA.
