Single Load Dryer Model

Nobody Compares

To Our Guts

Quantum™ Control walks users through the cycle operation with an easy-to-read display showing vend price, cycle time and cycle status.

Touch Pad Control allows for easy selection of four temperatures and cycles.

Silver Lining Dryer Cylinder, with galvanized steel interior, won't corrode, chip or crack in normal use.

Extra-Large Capacity means large loads aren't a problem. The 18 lb capacity 7.0 cu. ft. cylinder delivers superior tumble action to handle permanent press fabrics.

Large, Upfront, Secured Lint Filter is convenient to reach and easy to clean.

Front Serviceability means all major components can be serviced through lower access panel without disconnecting the door switch.

StrongBox Security™ features superior meter case-to-top attachment and top-to-cabinet attachment with greater impact resistance to deter vandalism.

Coin Validator verifies magnetic content, coin size and weight.

Commercial Grade Porcelain Enamel Top for optimum durability.

Largest Door Opening in the Industry measures 2.06 sq. ft., making loading and unloading simple.

Reversible Door can open to the right or left so you can customize your laundry.

Superior Airflow (220 cfm)* and tumble action generated through 1/3 HP motor with quiet, efficient blower assembly.

* Measured at point of exit from dryer.

Leveling Legs can be adjusted from inside the dryer to aid in tight installations.

Nobody compares with Speed Queen because you get more than quality products. You get peace of mind because you're dealing with a company that is committed to the multi-housing industry. You get the ongoing support of a national network of authorized Speed Queen route operators. And you get state-of-the-art electronic technology to maximize community laundry room profitability. What else would you expect from the world's leading supplier of commercial laundry equipment?

So what are you waiting for? Call us at 1-800-345-5649.
